

## **Lull Telehandler Part**

Lull Telehandler Parts - Telehandlers by Lull have been providing load placement accuracy since 1959. The Lull telehandler could help make the job easier and faster, whether the task involves positioning heavy steel, landing loads on scaffolding or transferring loads. These units are available along with the patented Stabil-Trak stability system so as to ensure operator confidence.

The horizontal placement system by Lull is able to supply 80 inches of boom travel for precision placement capabilities. There are also various optional Lull attachments for their telehandlers so as to help finish whatever job.
