

Advance-Nilfisk Parts

Advance-Nilfisk Parts - Imagine how long and tedious it will actually be to clean-up right after a party, with out help from machines. Previously, the dust from upholstery and carpets had to be beat out of them manually; brooms, brushes and cleaning cloths were the leading cleaning products during that time.

P.A. Fisker, the man who founded Nilfisk-Advance, was actually an electrical engineer who really loved working with electrical motors. Founding the business in 1906, he started to produce motors in order to drive machine tools, coffee grinders, drills and fans. Mr. Fisker's dream from the start was to own a global business selling goods internationally.

The Nilfisk C1 was an incredible breakthrough for the cleaning trade. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed only 17.5 kilos and could be operated by a single individual. This creation came in a time where other cleaning equipment were huge and needed at least 4 operators, hence, the Nilfisk C1 transformed everything and evolved the method we clean forever. The mastermind behind these first cleaning equipment remains unparalleled. Cleaning equipment offer an excellent solution to an ongoing dilemma; things get dirty and have to be cleaned frequently, without a lot of effort.

Gradually but progressively, Nilfisk-Advance expanded through the years. During the nineteen eighties, this development actually happened when the business became a part of the NKT Group. Their new owners' ambition and focus made Nilfisk-Advance take a huge leap forward within the industry, aiming to be among the biggest universal players in the market of professional cleaning equipment. Nilfisk-Advance is now represented in all parts of the world by gradually acquiring numerous smaller businesses so as to develop their product portfolio and presence in new markets. They are proud to provide a range of cleaning solutions to suit every requirement.
