

## TCM Forklift Part

TCM Forklift Parts - In the global industry of material handling, lift trucks play an important role for transporting industrial goods. First innovated as industrial vehicles in the 1930s in the United States of America, forklifts gained popularity after World War II during the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these machinery spread internationally.

Originally established as Toyo Carrier Manufacturing Company Limited, in 1949, the company was later renamed Toyo Umpanki Co. before becoming recognized as the TCM Corporation. Established by Mr. N. Niwa manufactured Japan's first lift truck. Through the years, TCM forklifts have become a global leader in lift truck manufacturing and have built a solid reputation with the trade. TCM started constructing forklift manufacturing locations outside of Japan in the 1980s and is currently engaged in forklift manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly makes various models of industrial lift trucks with over 50 years of accumulated expertise and technology, making their products recognized and used all around the world. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and aspires to become a world-class leading business.
